

Year 1 and Year 2 Revision Unit 1 (12008)

Additional teacher instructions for practice sheets

These notes indicate which practice sheets are most appropriate for which groups.

Day 1 Y1 Making 2-digit amounts Sheet 1

Working towards ARE / Working at ARE / Greater Depth

Working towards ARE could use coins to help.

Day 1 Y2 Using place value to add and subtract Sheet 2

Working towards ARE / Working at ARE / Greater Depth

Working towards ARE choose at least 6 questions to answer.

Others answer all questions.

Day 2 Y1 Comparing numbers Sheet 1

Working towards ARE / Working at ARE / Greater Depth

Working towards ARE complete Q1-10, using a 1-100 number square to help.

Day 2 Y2 Comparing and estimating numbers Sheet 2

Working towards ARE / Working at ARE / Greater Depth

Working towards ARE can use bead strings/beaded lines to help with Part A.

Expect greater accuracy in Part B from children Working at ARE / Greater Depth.

Making 2-digit amounts

Sheet 1

Write the total under each group of 10p and 1p coins.

 p p p p

Draw coins to show these amounts.

 p p p p

Challenge

Use five coins to make an amount between 30p and 40p.

Using place value to add and subtract

Sheet 2

$30 + \square = 36$

$92 - 30 = \square$

$74 + 10 = \square$

$67 - \square = 60$

$\square + 20 = 70$

$\square - 10 = 9$

$85 - 5 = \square$

Here are six cards.

Use the cards to make these calculations correct.

$35 + \square = 65$

$99 - \square = 94$

$78 - \square = 68$

$56 - \square = 36$

$21 + \square = 25$

$82 + \square = 88$
